

Sprint Retrospective Report

Date Submitted:

Team: 2

Report Created By: Aaron Hanson

For Sprint: 3

List the goals your team set for this sprint. It is best to name specific features or bug fixes; use the exact issue titles from the GitHub issue tracker. (Add more rows if you need)

Issue Title	Assigned To	Status (Complete, Incomplete, Not Started)	Comments (e.g., reasons why feature is incomplete)
Display Hosted video on Desktop	Aaron Han...	Complete	
Display Hosted video on Web	Aaron Han...	Complete	
Display Embedded Video on Web	Aaron Han...	Incomplete	Partially done was not required for sprint
Display Embedded Video on Desktop	Aaron Han...	Incomplete	Partially done was not required for sprint
Upload Hosted video on web	Steven Ca...	Complete	
Upload Hosted video on desktop	Aaron Han... Steven Ca...	Complete	
Create Account on Web	Steven Kight	Complete	
Create tags for notes	Steven Kight	Not started	Not required but nice to have in sprint
Create Account on Desktop	Steven Kight	Complete	
User input validation	Steven Kight	Complete	

For each team member, please provide (via copy/paste) 2-3 examples of evidence they are actively contributing to the development of the team (beyond just coding, etc.). These could include:

- A git commit message (please include the commit ID and date/time)
- A comment on an issue in the issue tracker (please include the issue name)
- A bug issue they opened (please include the issue name)
- Message(s) from Slack, Discord, etc.

The examples must be substantive, e.g.,

- explaining why a change was made
- providing detail as to how to reproduce a bug
- suggest options to the team for how to solve a particular problem

Team Member		Example Communication(s)
Aaron H...	Commit id: bec0f0e Commit date 3/1/24 11:57am	Add Support for hosted video to web client. Extract components from MySourceNotes for simplification. Add VideoPlayer component for displaying videos. Update MySourceNotesPage for displaying video and matching desktop
Steven K...		I just pushed a fix to the WebClient-Upload branch, if you don't mind checking that I am going to make sure to update the coverage then we can merge that branch into main if it is good
Steven C...		I am currently having a weird issue with uploading the video though and was wondering if one of you could be a fresh pair of eyes on it and see if either of you can figure out why its not uploading/saving the file. Whenever I upload the file, it will create the source and it sort of chokes up similar to how the PDF file does for me. It will add a row to the Sources table in the DB but have the link for the source be NULL.

List your team's goals for the next sprint. *(Add more rows if you need)*

Priority	Issue Title	Assigned To
1	Add tags to note	Steven Kight
1	Find sources from tags on notes	Aaron Hanson
1	Finish support for embedded video	Steven Carriger
